CULTIVATORS

THE "ANSON HARDY" PAPER CUTTER
by far the mest machine which can be obtained
or a less price than one hundred doilars. It is of
reat strength and firmness, and is the only
machine to which is applied the Bigelow Patent
'ar moving the cutting board or table by gears, by
which means a pile of paper may be cut into smaller
ones without the liability of getting out of jog, and
parallel with the beam, thereby securing a true cut
with absolute certainty.

The Latest Improved Hardy Card Cutter is pronounced the MOST DISHLABLE CARD CUTTER in the
market, for the general uses of a printing office.

The well-known Eugeles Card Cutter, with my
latest improvements, is still preferred by many
printers, and holds its favoritism over other machines.
The most favorable opportunity ever presented is
now offered Publishers and Printers for supplying
themseives with these Machines; liberal rates
for advertising in part-payment, being
offered to Publishers, and Printers and
Dealers will find it for their interest,
before purchasing elsewhere, to correspond with
